Intelligence Systems DataBase

Mike Needham

TRW

17 January 2002

- **Provide status of interoperability to the Intelligence Community**

- **Assist in identifying systems requiring interoperability certification**

BACKGROUND

- **JITC AO Ed Boyles, Intelligence, Surveillance, and Reconnaissance Branch**

- **TRW 1997 Business Case Study for Intelligence**

- **JITC Outreach to Intelligence Community**

- **GAO Report March 1998**

- **Additional Programs**

GAO REPORT

- **GAO Findings and JITC Solutions**

  - Lack of C4I system listing

      -- ISDB list intelligence systems

  - Lack of method to determine interoperability status

      -- ISDB tracks the interoperability status of intelligence systems

- **Goal is to provide non-JITC Intelligence Branch users an easy way to check the interoperability status of new systems.**

  - Warfighter (CINCs and JTFs)

  - Intelligence Community at large

  - JITC Staff

- **Access Data Base File Structure**

- **ColdFusion Driven Application**

- **Web Based Design**

- **SIPRNET Service**

- **NIPRNET Mirror Site**

- **System Listing**
- **Interface Listing**
- **System Certification**
- **System/Interface Description**
- **Reports**

Intelligence System's Overall Testing Status

Total Number of Systems in Database: 556

Total Number of Tests Performed: 114

For the break down of Systems by Category, See links right below the overall system information tables.

Overall System's Scheduling status

Scheduled (not started)	In Progress (ongoing)	Completed (finished)	Not Scheduled (no contact has been made)	Canceled	Not Scheduled (Contact has been made)	No Test Planned
number/percent	number/percent	number/percent	number/percent	number/percent	number/percent	number/percent
17 / 3%	3 / 0%	90 / 14%	5 / 1%	5 / 1%	2 / 0%	460 / 73%

Overall System's Certification Status

System meets ALL the joint interoperability requirements (Certified)	System meets SOME of the joint interoperability requirements (Certified w/exception)	Tested (Not Rated)	Not Tested (Not Rated)	Limited Joint Interoperability Certification (Limited System Certification)	Beta Tested/Certification not required/Demo (Beta/Demo)
number/percent	number/percent	number/percent	number/percent	number/percent	number/percent
31 / 5%	5 / 1%	11 / 2%	491 / 78%	32 / 5%	13 / 2%

For break down by Category click on these links

- **556 Systems**

- **606 Interfaces**

- **68/12% System Certifications**

- **181/30% Interface Certifications**

ISDB ACCESS

- **Password Protected**

- **Access ISDB via SIPRNET http://199.208.204.121**

- **For Information via NIPRNET Bratchel@fhu.disa.mil**

- **Access Steps**

  - ISDB only on SIPRNET

  - ISDB is best viewed in Microsoft IE

  - Type URL to reach Welcome Page

  - Click to Log-on Page

  - Request account and password

  - Upon receipt of account the User's Manual can be accessed via HTML or MS Word
